

LUXeye Sense 10A BT

LUXeye Sense 10A BT | Light management systems

Areas of application

- Offices
- Conference rooms
- Training rooms
- Corridors
- Surface mounting via LUXeye SENSE CM KIT

Product family benefits

- Automatic start of light regulation after power-on (out of the box function)
- Basic functionality without configuration thanks to applied pre-settings
- Easy and fast customization of important parameter via screwdriver
- $V(\lambda)$ corrected light sensor element
- Predefined and customizable configurations for all applications
- Password protection for user and configuration APP access
- Easy report generation of all commissioned sensors
- Easy report sharing via email
- DEMO Mode usable without device

Product datasheet

Product family features

- 10 A output relay for ohmic, inductive and capacitive load
- Daylight-dependent switching and presence-dependent control of light
- Operation via standard pushbutton
- Outputs with electronical reversible short-circuit and overload protection
- Change of delay time with screwdriver direct at the sensor
- Change of switch off level with screwdriver direct at the sensor
- Halogen free polycarbonate plastic housing
- Controller with integrated light and presence sensor, relay, Bluetooth interface
- Presence detection via passive IR element
- Light control via smart phone
- Adjustment of all settings via smartphone
- Function indicator with three color LED
- Individual activation and deactivation of light and presence sensor
- Various shutters included for different detection areas

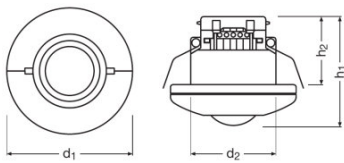

Product datasheet

Technical data

Electrical data

Nominal voltage	220...240 V
Mains frequency	50...60 Hz
System wattage	0.55 W

Dimensions & weight

Diameter	95.0 mm
Height	81.0 mm
Product weight	157.00 g
Mounting hole spacing, diagonal	68...80 mm

Colors & materials

Product color	White
---------------	-------

Temperatures & operating conditions

Ambient temperature range	0...+55 °C
---------------------------	------------

Capabilities

Transmitter range	15 m
Maximum installation height	5 m
Detection area	10 m ¹⁾
Detection angle	110 °
Load contact	10 A
Type of installation	Ceiling integration
Operating range, light sensor	20...5000 lx ²⁾
Overheating protection	Yes

¹⁾ Diameter for movement detection at 5 m installation high

Product datasheet

2) Approximately, measured at the sensor

Certificates & standards

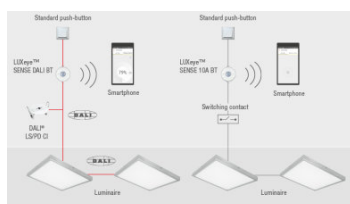

Type of protection	IP20
Protection class	II

Logistical data

Commodity code	853710989900
----------------	--------------

Equipment / Accessories

- Free App for iOS and Android
- Suitable for 10 A R/L/C load similar to 10 A fuse (B)
